

Video Encouragements

Who am I?

I am a unique individual created by God.

There is nobody else on this earth who is exactly the same as me.

I am very special to God and He loves me.

He knew me when I was still in the womb before I was even born.

**I am full of great potential and am still learning and growing daily,
both spiritually and mentally.**

**I have been endowed with many gifts, talents and special abilities
that contribute to who I am.**

I am many different things to many different people.

But most of all, I am God's special child.
